## WORK PROGRAM

### ENCOUNTER WITH THE SEA - "Opportunities of the Blue Economy"

Thursday, September 16, 2021

16:00 - 20:00

Precinct of the Palace of Congresses of Mallorca Balearic Islands

Carrer de Felicià Fuster, 2

07006 Palma, Balearic Islands

The next days 16 to 18 September, **the Work Program for Business Opportunities in the Framework of the Blue Economy** will take place in Palma de Mallorca and, specifically at the Palacio de Congressos.

The celebration of the Meeting with the sea, organized by the Maritime and Logistics Cluster of the Balearic Islands in collaboration with the Maritime Cluster, is an event open to the political, economic, and social fabric of the Balearic Islands, and will be attended by eight delegations from the countries: Italy, Portugal, Albania, France, Cyprus, Greece, Croatia, and Spain.

After the opening by the authorities and the welcome given by the Mayor of Palma, Mr. José Hila, the Emilia Romana Region will intervene as Leader of the Mistral Project and the international event of transfer and application to Regional Policies and Action Plans.

During the event "Opportunities of the Blue Economy" the state of the Maritime Sector in the Mediterranean will be analyzed by the hand of an extraordinary cast of speakers. It will report on the current situation and the future in the medium term of the main economic areas that comprise it.

This meeting with the sea closes a **High-Level Table**, which will be made up, among other personalities, by the presidents of three national maritime clusters, such as Italy, Portugal, and Spain.

After the closure by the authorities of the Work Program, it is planned to offer a **Fellowship Dinner** to all attendees; regional clusters, international delegations, and economic and social entities of the Balearic Islands, with a maximum capacity of 150 people.

This work program is complemented by the meeting of the Executive Committee and technicians, of the partners of the **InterregMED MISTRAL** project, which will take place on September 17.

The program ends on September 18, with a fun experience of marine tourism, which will be offered courtesy of the Maritime and Logistics Cluster of the Balearic Islands.
